The clothes you choose to wear depend on what the weather is doing. Before you get dressed, take a moment to look outside.

On a rainy day, put on a raincoat and a pair of boots. They keep the water away from your skin, and an umbrella helps as well.

On a snowy day, you need a warm coat, a hat, and a pair of gloves. Thick, warm clothes keep the cold from reaching you.

On a hot, sunny day, wear light clothes that let your body stay cool. A hat can shade your face. Sunscreen protects your skin, and you should remember to drink plenty of water.

When you dress for the weather, you can play outside and feel comfortable.
