Name: _____ Date: _____

Wheat Becomes Bread

Circle group

Wheat is a grass. It grows in a field. It has little grains.

A farmer picks the wheat. A mill makes the grains into flour. A baker mixes flour and water. Then the baker bakes it.

Now we have bread.

Questions

1. Where does wheat grow?

_____

_____

2. What does the mill make?

_____

_____

3. What does the baker mix with flour?

_____

_____

4. Who picks the wheat?

_____

_____

5. Why does bread come from a plant?

_____

_____

Words to know

wheat: a grass whose grains are used for bread
grains: tiny hard seeds of a grass
flour: a soft powder made by grinding grain
baker: a person who makes bread

Talk together (every group has these)

1. Find one fact that every group read. How did your sheet say it?
2. What did your sheet tell you that you think another group's did not? Ask them.
3. What is one question about this topic that none of the sheets answered?

Name: _____ Date: _____

Wheat Becomes Bread

Triangle group

Wheat is a grass that grows in a big field. The top of the wheat holds little grains.

A farmer picks the wheat. A mill grinds the grains into soft flour. A baker mixes the flour with water. Then the baker bakes it in a hot oven.

Now we have bread. Bread comes from a plant!

2. What did your sheet tell you that you think another group's did not? Ask them.
3. What is one question about this topic that none of the sheets answered?

Name: _____ Date: _____

Wheat Becomes Bread

Square group

Wheat is a tall kind of grass that grows in wide, open fields. At the top of each stalk are many little grains.

When the wheat is ready, a farmer picks it. Then a mill grinds the grains into soft, fine flour. A baker stirs the flour together with water and bakes it in a very hot oven.

At last, we have a warm loaf of bread. Our bread really does come from a plant!

Questions

1. Where does wheat grow?

_____

_____

2. What does a mill grind the grains into?

_____

_____

3. What does the baker stir together with the flour?

_____

_____

4. Who picks the wheat when it is ready?

_____

_____

5. Why can we say our bread comes from a plant?

_____

_____
